

**Trade Adjustment Assistance Community College & Career Training
(TAACCCT) Grant**

Third-Party Subject Matter Expert Deliverables

The US Department of Labor, Employment and Training Administration (ETA) awarded Fox Valley Technical College (FVTC) a grant under ETA's Trade Adjustment Assistance Community College and Career Training (TAACCCT) initiative. FVTC is required to identify third-party subject matter experts to conduct reviews of the deliverables produced through the grants. Subject matter experts (SMEs) are individuals with demonstrated experience in developing and/or implementing similar deliverables. SMEs should assess the quality of substantive deliverables resulting in tangible products that are identified in grantees' Statements of Work. FVTC must provide ETA with the results of the review and the qualifications of the reviewer with the deliverable that was reviewed.

Please fill out one form for each deliverable reviewed.
