

Quinsigamond Community College is part of the Massachusetts Community Colleges and Workforce Development Transformation Agenda, which brings together Massachusetts' 15 community colleges, the Commonwealth's adult basic education and workforce development systems, career centers and industry stakeholders to change the way education and skills training are delivered and to prepare dislocated and under-skilled workers for the emerging, knowledge-based economy.

As part of the initiative, Quinsigamond Community College supports students along efficient career pathways by helping them attain degrees, certificates and industry recognized credentials through accelerated programs linked closely to industry need. The statewide initiative is supported by a \$20 million, three-year grant from the United States Department of Labor.

Your COLLEGE

QCC is YOUR Community College. QCC offers high-quality, affordable education along with the support that you need to ensure your success.

At QCC:

- Students come first.
- Our faculty are focused on teaching.
- Small class sizes offer more individualized attention.
- Practical education prepares you for today's jobs.
- Agreements with colleges and universities allow for seamless transfer into Baccalaureate programs.
- Financing options are available for everyone.
- Our Financial Aid staff will guide you through the process.
- Most students qualify for Federal, State or Institutional Grants.

QCC can accommodate everyone! QCC offers:

- Convenient class times during days, evenings, weekends and online.
- Frequent start dates – no more waiting for a semester to begin, once you've made the decision to register!
- Convenient locations in Worcester, Southbridge, Marlborough, and online.

If you need any help transitioning to college, talk to us!

We have many services that meet your needs:

- ESL Classes
- GED Testing
- Disability Services
- Career Placement Services
- Academic Advising
- Counseling
- Free tutoring in all subject areas

Start today... In as few as 6 weeks, you can have a credential that allows you entry-level work in a number of key industries such as Manufacturing, Information Technology, Healthcare and more!

When you want to enhance your career, come back to QCC and enroll in another certificate program or pursue an Associate Degree. The certificate that you have already earned, along with your work experience, will unlock many avenues to further your education.

QCC's programs are designed to be as efficient as possible, to ensure that you receive credit for all of the courses you have already completed. You will not waste time or money taking duplicate, unnecessary classes.

Your CAREER

QCC is committed to helping you get back to work, upgrade or add new skills, or earn a degree or certificate. In fact, QCC offers special programs in the following areas:

- **Advanced Manufacturing**
- **Clean Energy**
- **Financial Services and Entrepreneurship**
- **Healthcare**
- **Information Technology**
- **Life Sciences and Biotechnology**

QCC has developed relationships with leading companies who actively seek out and employ QCC graduates due to the high quality of our programming. Faculty are leaders within their industries, and offer educational insights that come directly from their experience in the workplace. The education QCC offers is both practical and comprehensive.

Your WAY

QCC understands the urgency of being unemployed or under-employed and the multiple stressors that make it difficult to get training, education or re-training. We understand that everyday life, a family, or other obligations can be obstacles that may block traditional educational pathways.

QCC collaborates with industry partners, workforce development agencies and local businesses to bring you relevant and timely education that you can use NOW. Better still, you can add on to these credentials at a later date, earning credits and eventually an Associate degree from QCC.

QCC offers programs that are:

- **Flexible** – Attend day, evening, weekend, online, or blended classes.
- **Accelerated** – Take advantage of credit for prior learning and shorter-length courses.
- **Customizable** – Choose classes according to your schedule, based on what you need now.
- **Stackable** – Build upon training and education by earning industry credentials and career skills each step of the way towards your certificate or degree.
