<b>Optional Information:</b>	
<b>Other comments to be included in the review:</b> (If an app, respects privacy of user, meets PG rating standards, how frequently app is updated)	The title Basic Mfg Skills or Basic Industrial Skills doesn't match the BioScience content. The quality and relevance of the material is good. I suggest reconsidering the title to include BioScience Mfg or something similar. Also, list measurable learning outcomes at the beginning of each module.
