

Arizona Sun Corridor - Get Into Energy Consortium
 TAACCCT Round 2 Grant (TC-23759-12-60-A-4)
 Third Party Review of Curriculum and Related Educational Resources

College	Yavapai
Course Number	ELT141
Course Title	Electrical Apparatus
Item Description	Syllabus, section test, review worksheets, Course calendar
Reviewed by	BP
Review Date(s)	January 2016

Course Number	Yes	
Course Title	Yes	
Course Description	Yes	
Pre-requisites	None found	Appears to be entry level so seems likely there are none required
Co Requisites	None found	
Student learning outcomes and competencies are clearly identified	Yes	Course content and Learning outcomes listed are clear.
Required and recommended texts and other materials are clearly identified	Yes	How to Work the Book is good information!!

Description of strategies for student success or available assistance	Yes	It is clear that each student is expected to do work according to calendar and will earn points for labs, reviews and tests. This course grading is heavily loaded to classroom performance. This reviewer is unable to discern if course credits are also focused to match or if this needs balance, point analysis indicates only 14% of points can be earned from lab activities. Be certain this is in balance with the course structure.
Description of how course prepares student for a certificate or degree	Yes	Is implied through content and objectives.
Description of how course/item is relevant or applicable to occupation or industry	Yes	
Description of assessments, evaluation, exams and grading process	Yes	Question on weighting of lecture/lab and balance of course work to credit value.
Evidence of industry input, review and approval process	None found	
Evidence of college review and approval process	None found	

For items not directly related to a course, any evidence of quality control process

NA

The overall quality is a sufficient representation of college and industry standards

Yes

If questions noted in comments sections are resolved.
