	Yes/No/DNA	Comments
Course Number	Yes	
Course Title	Yes	
Course Description	Yes	
Pre-requisites	None	
Co Requisites	None	
Student learning outcomes and competencies are clearly identified	Yes	Very good outcomes, somewhat surprised that Ohm's Law is not one of the outcomes.
Required and recommended texts and other materials are clearly identified	Yes	Textbook with references in the course schedule. Quizzes listed for the appropriate material.
Description of strategies for student success or available assistance	No	There is plenty information on conduct within the class. Recommend simply adding the resources the school offers.
Description of how course prepares student for a certificate or degree	Yes	
Description of how course/item is relevant or applicable to occupation or industry	Yes	
Description of assessments, evaluation, exams and grading process	Yes	There is description of the breakdown of how the student will be graded and when the quizzes would happen.
Evidence of industry input, review and approval process	No	
Evidence of college review and approval process	No	
For items not directly related to a course, any evidence of quality control process	N/A	
The overall quality is a sufficient representation of college and industry standards	Yes	This class does not list the credit level. This syllabus is a great foundation it just needs more clarification to put it over the top.
Other notes		In the grading the only thing graded are one form of assessment which are exams. There is homework listed but not part of the grade.
