

# OPERATION RE-TOOL STARTS MARCH 2015!

**VETERANS and BC STUDENTS**

**Are you interested in joining the resurgence  
in manufacturing in Florida?**

Broward College will offer **OPERATION RE-TOOL** — an accelerated three-month, for-credit training program in which successful participants will earn the **Engineering Technology Support Specialist Technical Certificate** (18 college credits) and the nationally recognized **Certified Production Technician credential from Manufacturing Skill Standards Council (MSSC)**.

**Join with Florida TRADE!**

Broward College is part of the Florida TRADE grant to improve advanced manufacturing education and training in Florida.

**OPERATION RE-TOOL** students who participate in the grant may also receive **OSHA 30 General Industry** on-line training at **NO COST** — a \$189 value — in addition to job development and placement services.

## Interested?
