

Are you a manufacturer looking for skilled workers?

Pasco-Hernando State College, partnered with 11 Florida state and community colleges, is working to end the shortage of skilled workers in Florida's manufacturing industry. The Florida TRADE (Transforming Resources for Accelerated Degrees and Employment) Grant has allowed us to develop a statewide training system for multi-level, high-demand jobs in various manufacturing sectors. Students attending our courses and programs are your prime job candidates.

We have workers with the skills you need

Florida is home to nearly 14,500 manufacturers like you who employ almost 329,000 people. In 2014, the top 15 fastest growing manufacturing sectors will add approximately 13,000 new jobs in Florida and are looking for workers skilled in:

- Advanced Manufacturing
- AutoCAD
- CNC Machining
- Mechatronics
- PLC's
- Quality
- Robotics
- Six Sigma
- Solid Works
- Welding

Join the list of our manufacturing partners
