## Description

Hybrid Blending Course, Assignments, Syllabus, Case Studies, Power Point
Presentations
Blackboard
This collection of resources contains curriculum and support materials for
Community & Professional Concepts (Nursing). This course is designed to
further develop the nurse's role as an entry-level healthcare provider and
further develop the nurse's role as an entry-level healthcare provider and
further develop the nurse's role as an entry-level healthcare provider and transition to practice as a professional nurse
further develop the nurse's role as an entry-level healthcare provider and transition to practice as a professional nurse In class and online, lecture, homework
further develop the nurse's role as an entry-level healthcare provider and transition to practice as a professional nurse
further develop the nurse's role as an entry-level healthcare provider and transition to practice as a professional nurse In class and online, lecture, homework
further develop the nurse's role as an entry-level healthcare provider and transition to practice as a professional nurse In class and online, lecture, homework Students in Associate Degree Nursing Program
further develop the nurse's role as an entry-level healthcare provider and transition to practice as a professional nurse In class and online, lecture, homework
further develop the nurse's role as an entry-level healthcare provider and transition to practice as a professional nurse In class and online, lecture, homework Students in Associate Degree Nursing Program
further develop the nurse's role as an entry-level healthcare provider and transition to practice as a professional nurse In class and online, lecture, homework Students in Associate Degree Nursing Program
further develop the nurse's role as an entry-level healthcare provider and transition to practice as a professional nurse In class and online, lecture, homework Students in Associate Degree Nursing Program Acceptance into nursing program. Nothing else mentioned.
further develop the nurse's role as an entry-level healthcare provider and transition to practice as a professional nurse In class and online, lecture, homework Students in Associate Degree Nursing Program

**Evaluation and Observations:** After reviewing the learning material, please indicate your agreement with the following statements by placing an "x" in the applicable column where 5=excellent or strongly agree and 1=poor or strongly disagree.

1. Quality of Content – The Learning Material	Stro ngly Agre e	Agree	Nei the r Agr ee	Dis agr e e	Stro ngly Disa gre	N/A
is clear and concise	Х					
provides a complete demonstration of the concept	Х					
demonstrates a core concept grounded in the discipline	Х					
is current and relevant	Х					
is supported by appropriate research	Х					
is self-contained (can be used without requiring an assignment or context)	Х					
provides accurate information	Х					
is flexible (can be used in several situations)	X					
includes an adequate amount of material	X					
has strong workplace relevance	X					
integrates the concept well	Х					
<b>Overall</b> , the quality of the content is very high	Х					
, , , , , , , , , , , , , , , , , , , ,	5	4.5	3.5	2.5	1.5	0
Enter a numerical value that summarizes your attitudes above.	Х					
is thorough with pertinent and current nursing issues. Concerns (Describe any problems in terms of quality) Need to update matrix	aterials.					
2. Potential Effectiveness as a Teaching Tool/This Learning Material						
identifies learning objectives	Х					
identifies prerequisite knowledge	Х					
reinforces concepts progressively	X					
reinforces concepts progressively builds on prior concepts						
builds on prior concepts demonstrates relationships between concepts	X X X					
builds on prior concepts demonstrates relationships between concepts is easy to integrate into curriculum assignments	X X X X					
builds on prior concepts demonstrates relationships between concepts is easy to integrate into curriculum assignments is very efficient (could learn a lot in a short time)	X X X X X X					
builds on prior concepts demonstrates relationships between concepts is easy to integrate into curriculum assignments is very efficient (could learn a lot in a short time) can be used to measure student learning outcomes	X X X X X X X					
builds on prior concepts demonstrates relationships between concepts is easy to integrate into curriculum assignments is very efficient (could learn a lot in a short time)	X X X X X X X X X
