Careers in Manufacturing

If you're looking to explore the potential that a career in manufacturing has to offer, but need a better understanding of this expanding industry, Careers in Manufacturing is for you! This course introduces students to all that a manufacturing career has to offer! You'll learn about the skills, technology, work environment, and potential salary in fields such as:

- Machine Tool Technology
- Mechatronics (Automation/Robotics, Electronics, Fluid Power)
- Welding and Metal Fabrication
- Plastics Engineering Technology
- Engineering CAD (Computer-Aided Design) Technology

Unlike any other course, you'll gain hands-on experience in each sector of HTC's Manufacturing Programs. A tour of a local, cutting-edge manufacturer and the hands-on projects will help shape your view of the true manufacturing career.

Please Note

To explore all of the manufacturing labs, the course will meet at the Eden Prairie campus for the first six weeks (August 27 - October 1), and at the Brooklyn Park campus for the final nine weeks (October 8 - December 17).
