Selective admission to program is required for ASN courses.

57 total credit hours for ASN Program + 7 credits awarded for LPN education = 64 total credit hours.

- ❖ A&P courses are taken in a series:
  - If BCS 145 is completed, then BCS 146 is also to be completed
  - If BCS 165 is completed, then BCS 205 is also to be completed
  - If BCS 120 was completed, then BCS 205 is also to be completed

All courses must be completed with a grad of "C" or higher.

<sup>1</sup>May substitute HST 120 for PLS 101.

\*Must be completed by the end of the spring semester if applying to the August class or by the end of the fall semester if applying to the January class.

\*\*Must be completed before finishing the Associate of Science in Nursing program. It is recommended to have completed prior to applying for the nursing program for maximum possible admission points.

This block diagram is provided to aid in advising students and tracking course completion.

OTC reserves the right to modify course titles, sequences and content in accordance with college procedures.
